California is a state on the West Coast of the United States, along the Pacific Ocean. It is the most populous U.S. state. Its four largest cities are Los Angeles, San Diego, San Jose, and San Francisco. It is known for its varied climate and geography as well as its diverse population. There are three interesting things along Route 66 in California that I want to recommend to the youth.

The first place that I want to recommend is McDonald's Museum. The first McDonald's restaurant was located in San Bernardino, California in 1945 on Route 66. Unfortunately, the original McDonald's was demolished but the McDonald's museum exists on the original location. Some items are on loan in the museum and it is maintained by the community. The community has high involvement in the museum and takes great pride. The museum is open to the public daily, 10 am to 5 pm, and admission is free. Meeting rooms are also available for use. So get ready to delve into the history of one of America's oldest fast food corporations at the McDonald's Museum in San Bernadino.

The second interesting place that you can't miss is Pharaoh's Lost Kingdom. Pharaoh's Lost Kingdom is a premium theme Amusement Park, Water Park and Family Entertainment Center located in the heart of the Inland Empire of Southern California. Pharaoh's features over 20 acres of attractions including a large water park, four miniature golf courses, three go-kart tracks, laser tag arena, and an indoor arcade. Whether you're a Water Park Daredevil, a Midway Park maniac or just someone who enjoys a nice relaxing game of miniature golf, the Pharaoh has something for you.

The Wigwam Motel is the third interesting place that you have to take a look at. During the trip along Route 66 in California you can stay in the Wigwam Motel. The Wigwam Motel is recognized as California's most famous Route 66 motel, built in the city of San Bernardino during the later half of 1949. It is absolutely worthwhile to "stay in a Wigwam" on your trip down Rt. 66.

California is a state which has many attractive places to visit. The three interesting places recommended here will surely draw your attention. In addition to these three places, Rt. 66 in California offers the refreshment of the desert, ocean, and mountain scenery.
