Most people want to travel to new places but many Asian young people are afraid to leave home. So, I am writing this article to help them. I recommend that they visit Oklahoma along Rt. 66 because there are many interesting things for university age students to enjoy; and Oklahoma is a family-oriented, friendly place to travel.

For students who like animals, I recommend that they go to the Tulsa Zoo. There is a great variety of animals in this zoo. Visitors can take photos and actually feed the animals. It is an interactive experience with nature.

The historic Blue Whale, on Rt. 66 near Catoosa, is an interesting place for young people. What a great place to have a picnic! You can relax and re-gain your energy and do some imaginative storytelling. I believe it is one of the best places to have a restful time along your journey.

Along Rt. 66 in Oklahoma there are many unique and interesting events. So, students can join events at any time. I think this is the best part of a tour in Oklahoma.

Students don't have to think any more about whether to travel Rt. 66 in Oklahoma. Just do it! Leave home for a wonderful vacation. Then you can see and feel many things that you have never before experienced.
